

AMCG500 Factory providing chocolate processing line storage tank

Product Description

1.Materials:

All parts contact with foods and the machine's whole frame are made by stainless steel.

2.Features:

(1).It's in the chocolate production necessary equipment, mainly uses in after the correct grinding chocolate syrup heat preservation storing, satisfies the chocolate production the technological requirement, adapts the continuous production request.

(2).This product also has functions of temperature decrease ,rise and preservation .Besides,it also has fuctions of preventing fat separation.

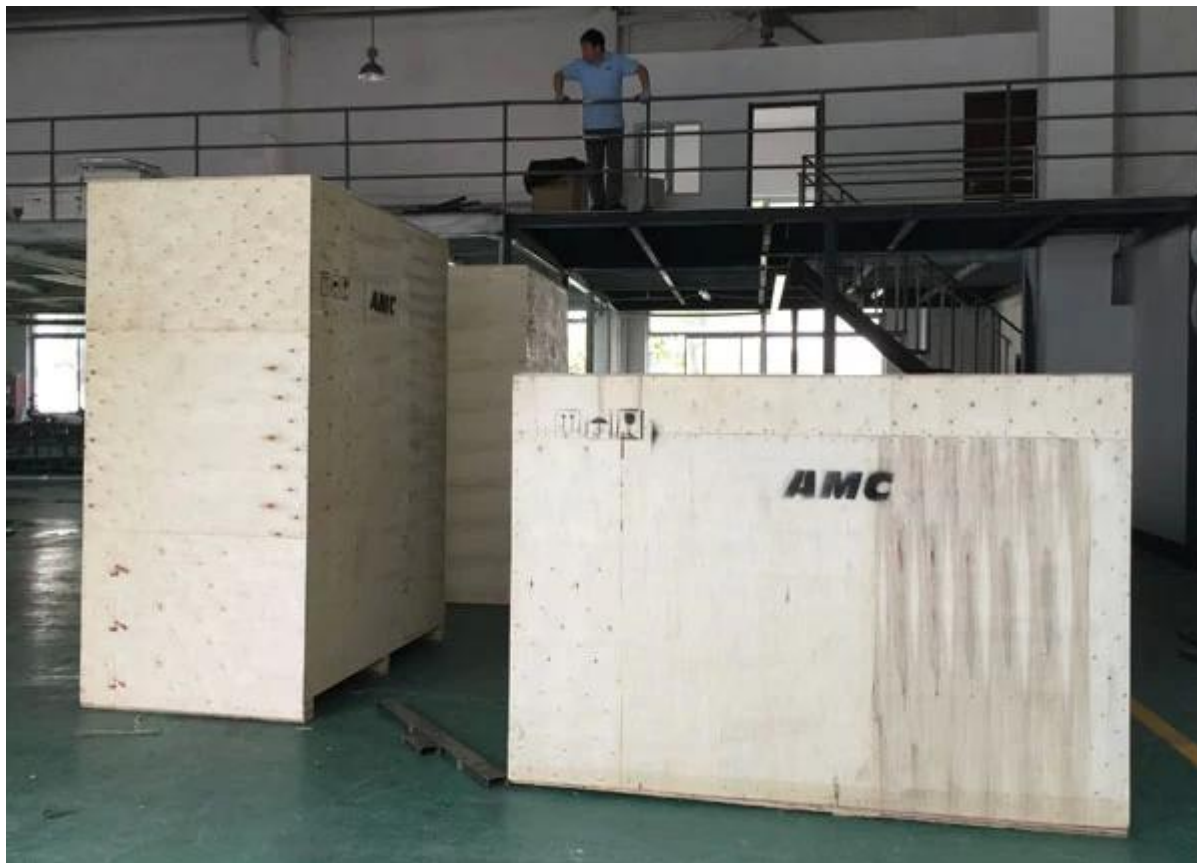

Stype	Capacity (L)	Net Weight (kg)	Motor Power (kw)	Electric Heating Power (kw)	Dimension (mm)	Rate (r/min)
AMCG200	200	180	1.1	4	800*1250	24
AMCG300	300	200	1.1	4	900*1250	24
AMCG500	500	600	1.5	4	1000*1380	24
AMCG1000	1000	1000	2.2	4	1220*1850	24
AMCG2000	2000	1500	3	6	1400*2500	24
AMCG5000	5000	3000	7.5	6	2000*2710	24
